April 14. Entire set of buildings known as the Giddings place totally destroyed. Loss \$8000, partly covered by insurance. Caused by overheated stove. Forest fire caused by same and spread over many acres.

April 17. Chimney fire at Mudgett house. No damage.

April 24. Fire at Mr. Peletier's at Howe Bridge. Barn and ell total loss. Caused by burning brush in rear of buildings. Loss \$1000. No insurance.

May 18. Chimney fire at Mrs. Butterfield's. No damage.

July 12. Chimney fire at house of Charlie Barr. No damage.

Week of July 28. Three alarms came for grass fires in field below the home of W. W. Odekirk. Caused by sparks from engine on railroad.

August 2. The truck responded to the fire at G. W. Dearborn's in South Weare. All aid possible was rendered.

July 4. Fire in sawdust pile near Bert Todd's. No damage.

September 2. Fire at Fred Towne's. Barn struck by lightning and totally destroyed. Loss \$5000, partially covered by insurance.

September 23. Chimney fire at Tavern. No damage.

October 10. Fire at J. H. Kane's. Caused by chimney burning out. Damage \$200, covered by insurance.

October 15. Stable at the Robbins place, owned by Malcolm Lang, totally destroyed. Cause unknown. Damage \$1000. Covered.

November 24. Chimney fire at the home of George Langdell. No damage.

December 23. Chimney fire at George Sheldon's. No damage.

December 23. Alarm from Whiting place in Frances-town. Roof of house caught from chimney burning out. Fire extinguished before department started.

December 24. Alarm from the home of Howard Jenness. Automobile on fire. Extinguished before the department arrived. No damage to buildings.

January 2, 1925. Chimney fire at Will Woodbury's. No damage.

January 29. Fire at Mrs. D. F. Woodbury's. Damage \$250. Caused from chimney burning out. Covered by insurance.

In summing up the fire record for the year it seems appalling to think of so many fires in such a small place and the damage which has been caused. It is also a regrettable fact that when a set of buildings is burned up they are seldom replaced. This means not only the loss to the town but to the state as well. As valuation decreases the tax rate increases.

Over 50 per cent of the fires are caused by defective chimneys. It is therefore everybody's duty who has any property in charge to look after such things and see that they are in proper shape before the cold weather comes.

The fire apparatus has been augmented by adding a Reo truck which is equipped with hand extinguishers, ladders, pails, hoes, shovels and many other things which are often needed at a fire. This has proved very useful and has saved many a possible injury to a private car and been able to have all the necessities at a

fire promptly. Twelve new hand extinguishers have also been added to the equipment. These new extinguishers are the same as the old ones, making the parts interchangeable.

The matter of installing a pump on the truck will be brought to your attention at town meeting. Facts and figures are not available at this time but will be at town meeting. It is a fact however that if a pump had been available at the fire at the White and Duncklee lot, more than half the cost of that one fire would have been saved. A brook was near by and water could have been pumped from that. Not only the cost of the fire but several thousand dollars' worth of lumber might have been saved also. In making a survey it is surprising to find how many places a pump could be used in case of necessity.

Your Fire Wards have tried to do their duty as they promised and as the record shows, have had quite a busy time. However, it is not a pleasant task to get out of bed in the middle of the night and fight chimney fires, with the thermometer at 14 below zero.

## Report of Health Officer

---

At the close of this years report I regret to state that we have had one case of Poliomyelitis which was fatal.

We have had two mild cases of scarlet fever, but thanks to the care taken by the family were confined to one house

I want to take this opportunity to thank the people of New Boston for their cooperation at the time we found we had scarlet fever in town, for with the epidemic at that time raging in Manchester, without the precaution which they evinced, it might have become a serious matter here.

Respectfully submitted,

ARTHUR W. HOLT

Health Officer

## Report of Cemetery Trustees

---

At the last annual meeting of the town a committee consisting of Mr. Charles F. Marden and Mr. Harland R. Shattuck was appointed to act with your Trustees in the matter of providing addition to the Cemetery.

And we are pleased to report that through the liberality of Mr. and Mrs. George Langdell, who very generously donated the field owned by them directly south of the present cemetery, which together with the lot known as the "Old Pound Lot" which we are asking the town to make over to the trustees to enable them properly to deed the same, will, we believe, provide sufficient burial space for quite a number of years.

Herewith annexed you will find the report of the Superintendent and Trustees, all of which is respectfully submitted.

## REPORT OF TRUSTEES

At the end of this year thanks are due to a number of persons, among whom Mr. Clarence H. Dodge, who has again given us the free use of the Library room.

Mrs. Lena G. Corthell gave us a large number of books which are a great help to us. Mr. Ulysses G. Andrews gave three volumes of books reprinted from the Youths Companion, which our boys and girls should appreciate. Also Mrs. Cora L. Dodge, Nature Study Class, and Daughters of American Revolution gave books.

Your Trustees have purchased a stack holding about 750 books, cards and cabinet for card-indexing our books, as used in many of our libraries.

Frances Hobart of our State Library has given us great assistance and we hope by the time you read this that our Library will again be open for your use.

Your Town Clerk has placed books that have been in his possession for the use of the town, sent him by the State, in the Library, and it is hoped by him that the town, under an article in the warrant for our annual meeting, will sanction the same. These are the so-called State Papers, Red Books, and what we have of our Regimental Histories. All these books are valuable reference books and contain many interesting facts of our history, and should be of interest to every resident of our town.

ELSIE LEWIS,  
MARY F. BLANCHARD,  
School Board of New Boston.

## Report of School Board

---

To the Selectmen of New Boston and the inhabitants of the School District:

The School Board submits the following report:

During the past year we have made numerous additions and repairs to our schoolhouses.

At the Village School new seats and desks were installed in both Grammar and Primary rooms. In the recitation room of the High School new chairs were purchased to replace settees that were beyond repair.

The buildings at No. 6 were reshingled.

At No. 5 new shades and a book closet were put in, besides improving the sanitary conditions.

At No. 2 a new book closet was installed.

At No. 13 new doors were put on the woodshed and new shades in the schoolroom.

No. 15 was in good condition except for such repairs as setting glass, oiling floors and cleaning.

In the year to come the only urgent need of repairs is shingling the No. 2 Schoolhouse.

The School Board wishes to thank all the people of the District for their co-operation and help shown in school matters.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the School Board and Citizens of New Boston:

Of the regular teachers in the schools this present year, two of them are teaching here for the first time. Miss Madaleine Eastman, who has taken up work in the High School, is a graduate of the University of Maine and had teaching experience previous to coming to New Boston. Miss Elizabeth Kimball, who has charge of the Grammar room, is a graduate of Keene Normal School, and has also had experience previous to this year. Miss Blanche Dodge, known to all, has come in as a special teacher in the High School, having charge of Freshman and Sophomore English. As was necessary in the absence of the third teacher, English One and Two are combined. This made a group of such size that it was impossible for the work to be done as it ought to be. Miss Dodge has taken this group and divided it into two classes, so that now we have an English One group and an English Two group.

One of the criticisms of our High School work by the State High School Deputy is that not enough reading of books has been done in the English work. We cannot allow our work to come up to anything less than the standard set for Approved High Schools. Miss Eastman takes care of the rest of the English in the High School, in addition to Latin and French.

The enrollment in the Elementary Schools this year is just about as in the previous year. In the High School it has been somewhat larger.

Of the ten graduates in the High School class of 1924, nine of them have entered other schools this fall. This is worthy of notice, because it is an unusually high percentage. It is interesting to note where these young people have gone.

Homer Dodge is at Dartmouth; Henry Dodge, at Boston University; Clarence Boulter, at Northwestern University, Boston; John Todd, at New Hampshire University; Elise Holt, at Simmons College; Ellen Barr and Gertrude Wahls, at Plymouth Normal School; Donald Fraser, at Cushing Academy; Winifred Smith, at Bryant and Stratton Business College.

Of the fifteen who completed the work of the eighth grade last June in New Boston schools, all entered High School. Since then, one has dropped out. In the supervisory union there were fifty-six pupils who completed the eighth grade last June. These pupils all took the same standard test and thus it was possible to rate them according to their standing in this test. Taking the highest ten out of the fifty-six, New Boston has three. Miss Ruth Dodge had the honor and distinction of being the highest of the fifty-six.

The tendency to go on at High School from the eighth grade is one that should be encouraged. Young people today should be satisfied with nothing less at least than the High School.

One marked addition to the equipment of the Village Elementary rooms were the new seats installed early last spring. Forty adjustable seats and desks were placed in each of the Elementary rooms in the Village. This has not only made a vast improvement in the appearance of the rooms, but is decidedly more advantageous for all pupils and teachers concerned. Regarding these desks it should be said that the pupils have taken great pains to keep them in the finest condition possible. Most of them have kept their desks covered with blotters or some other covering.

Recently twenty chairs with a writing arm have been placed in the High School. This does away with some of the old benches that have been used for years which provide no means whatever for the taking of notes as is constantly required in class. Moreover the benches have been in use so long that they are almost wrecked. This will allow the work of the High School pupils to be carried on under more advantageous conditions.

The health supervision this year has been under the direction of Dr. Fraser. Every pupil in school has a thorough examination at the beginning of the school year. With the co-operation of the parents, not only much loss of school time, but much illness might be prevented if Dr. Fraser's suggestions regarding defects to be corrected might be acted upon. As a rule the schools have been quite free from sickness of any sort this year. They have been more free, indeed, than we have reason to expect considering the prevalence of Scarlet Fever not far away. There has been but a very little of school time lost on ac-

count of bad weather this year. We hope this good fortune may continue.

Work in the Fundamentals, including reading, arithmetic, writing, spelling, English, geography, is being carried on in the High School, endeavoring not only to prevent the loss of knowledge and efficiency in these things, but also to effect improvement. In the Elementary grades more emphasis is being put upon the fundamentals also. The aim in arithmetic first is accuracy; second, speed. In reading it is not so much the ability to pronounce words as it is to grasp the meaning of what has been read. In spelling there is constant drill upon the words which are to be used in every-day life, with no attention being given to any attractive collection of catch-words which can be used on "show-off" occasions. In English less technical grammar is being emphasized and more attention given to "Correct English" habits. In all of these things suggestions and materials are afforded the teachers to enable them to accomplish these ends.

Although it may be thought that a great deal of money has been spent in the Village Building the last few years, by way of steel ceilings and adjustable seats and desks and chairs, two things that should be taken care of soon are these: One is the completion of steel (or wallboard) walls and ceilings in the halls of the school buildings in the Village. Unless this is done the plastering is going to be falling again soon.

Another matter which should be taken care of also is the providing of blackboards. In all of the rooms the blackboards are old, consisting for the most part of walls simply painted. These are now old, scratched, broken and checked, and there is no way of fixing them. In all the rooms new blackboards ought to be installed. If this is done in good shape it will stay good for years. With the completion of the repair of walls, ceilings, and the installation of blackboards in all the rooms in the building, it will be in good shape.

With appreciation for the work of the School Board and their co-operation, as well as that on the part of the teachers, this report is

Respectfully submitted,

J. BYRON TARNEY,

Supt. of Schools.
